✘The final quota of admission will be determined by the Ministry of Education.

A. Qualification

➤ Status Eligibility

1. An individual of foreign nationality, who has never held nationality status from the Republic of China (R.O.C.) and who does not possess an overseas Chinese student status at the time of the application, is qualified to apply for admission.
2. An individual of foreign nationality, pursuant to the following requirements and who has resided overseas continuously for no less than 6 years is also qualified to apply for admission. However, an individual who plans to apply for School of Medicine, Post-Baccalaureate Medicine or Dentistry must have resided overseas continuously for no less than 8 years.
 - (1) An individual who also is a national of the R.O.C., but does not hold nor has had a household registration in Taiwan.
 - (2) An individual who also was a national of the R.O.C. but has no R.O.C. nationality at the time of his/her application shall have an annulled status regarding one's R.O.C. nationality for no less than 8 years after an annulment of R.O.C. nationality by the Ministry of the Interior.
 - (3) Regarding individuals mentioned in the preceding 2 subparagraphs, one must not have studied in Taiwan as an overseas Chinese student nor received placement permission during the same year of the application by the University Entrance Committee for Overseas Chinese Students.
 - The 6 and 8 year calculation period as prescribed in Paragraph 2 shall be calculated from the starting date of the semester (Feb. 1st or Aug. 1st) as the designated due date for the time of study.
 - The term "overseas" as prescribed in Paragraph 2 is limited to countries or regions other than Mainland China, Hong Kong and Macau; the term "reside overseas continuously" means that an individual may stay in Taiwan for no more than a total of 120 days per calendar year. If the calculated calendar year is not one complete calendar year, their stay in Taiwan should not exceed 120 days within the calculated calendar year period. The only exceptions to this method of calculation are for those who fulfill one of the following requirements with written supported proof:
 - a. Attended overseas youth training courses organized by the Overseas Compatriot Affairs Council or technique training classes accredited by the Ministry of Education.
 - b. Attended a Mandarin Chinese language center at a university/college of which foreign student recruitment is approved by the Ministry of Education, and to which the total length of stay is less than 2 years.
 - c. Exchange students, whose length of total exchange is less than 2 years.
 - d. An Internship in Taiwan which has been approved by an authorized central government agency, to which the total length of stay is less than 2 years.
3. According to the Education Cooperation Framework Agreement, a foreign national who was selected by a foreign government, organization, or school, and does not hold a household registration from the time of his/her birth is not subject to the limitations as prescribed in the preceding 2 paragraphs after receiving the approval from the authorized educational government agencies.

4. An individual, who has both foreign and R.O.C. nationalities and has applied for an annulment of one's R.O.C. nationality before Feb. 1st, 2011, the effective date of this amendment, will then be qualified to apply for admission as an international student under the amendment effective before Feb. 1st, 2011 and will not be subject to the limitation as prescribed in Paragraph 2.
5. An applicant of foreign nationality, concurrently holding a permanent residence status in Hong Kong or Macao, having no history of a household registration record in Taiwan, and at the time of application, has resided in Hong Kong, Macao, or another foreign country for no less than 6 years is qualified to apply for admission. However, an individual who plans to apply for School of Medicine, Post-Baccalaureate Medicine or Dentistry must have resided overseas continuously for no less than 8 years.
6. An applicant being a former citizen of Mainland China and holds a foreign nationality, having no history of household registration record in Taiwan, and at the time of application, has resided overseas continuously for no less than 6 years is qualified to apply for admission. However, an individual who plans to apply for School of Medicine, Post-Baccalaureate Medicine or Dentistry must have resided overseas continuously for no less than 8 years.
7. Announced by Taiwan Representative Office in Vietnam, Vietnamese applicant is required to provide language certificate for admission program and Taiwan Visa. Please refer to:
https://enr.kmu.edu.tw/yamgetdocbef.php?bno=int,11&at=int11_1.pdf

➤ **Educational Eligibility**

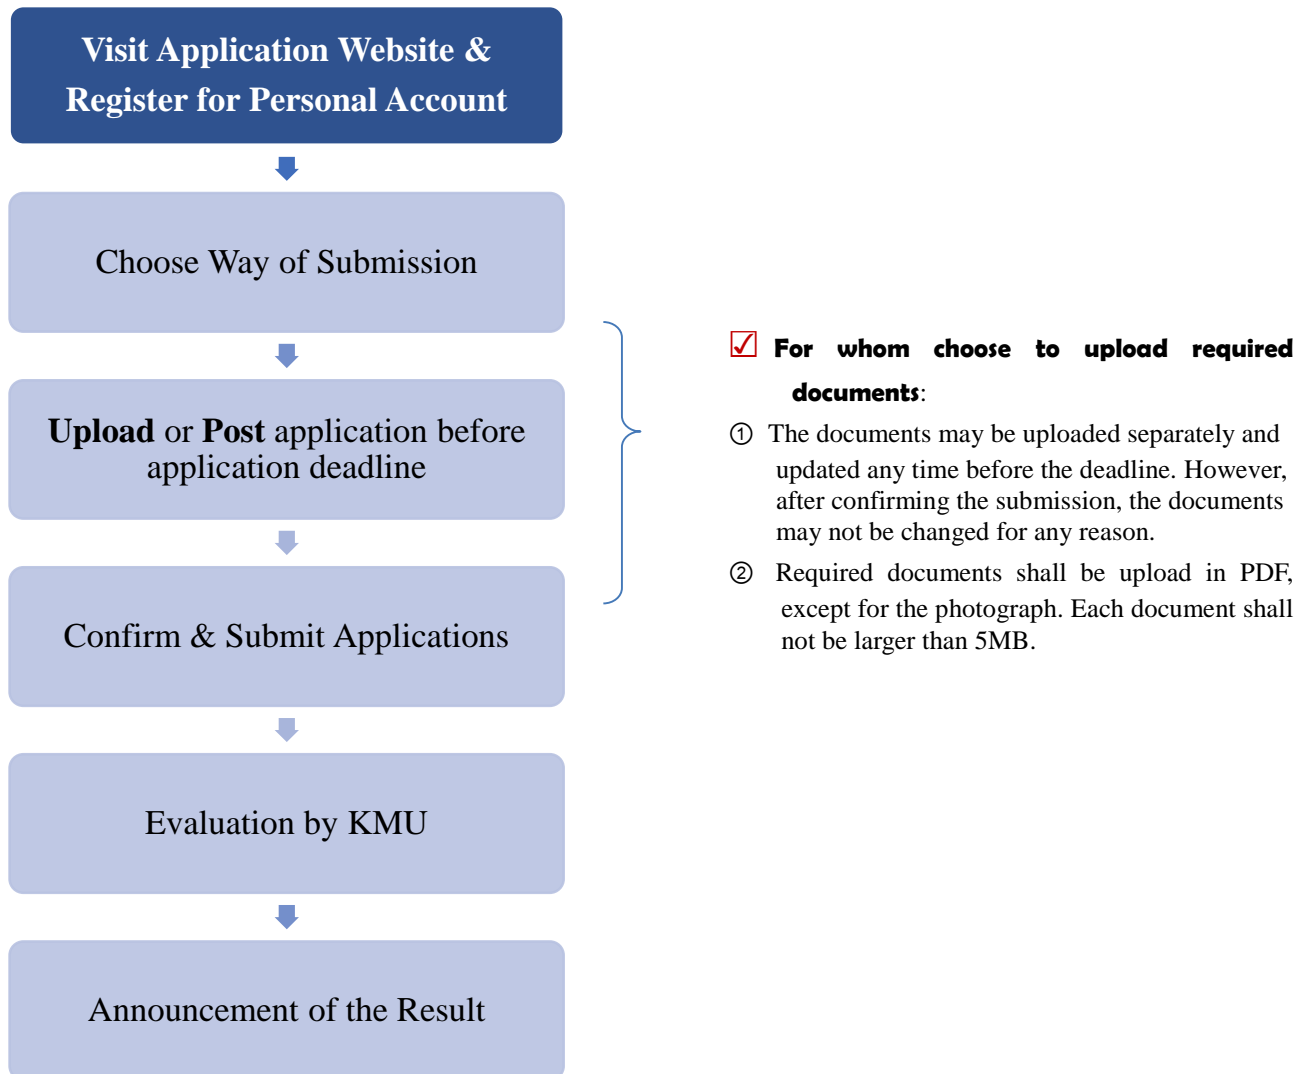

Master's Program: A Bachelor's degree or higher obtained from a university or an independent college recognized by M.O.E. should be verified by R.O.C. representative office. Should the applicant holds a Bachelor's degree from a university in Taiwan, proof records are required to indicate that the applicant obtained the Bachelor's degree in Taiwan with an international student status.

Ph.D. Program: A Master's degree or higher obtained from a university or an independent college recognized by M.O.E. should be verified by R.O.C. representative office. Should the applicant holds a Master's degree from a university in Taiwan, proof records are required to provide to indicate that the applicant obtained the Master's degree in Taiwan with an international student status.

G. Reminders & Admission Notice

1. 【According to Article 2 of the Nationality Act of R.O.C.】

A person shall have the nationality of the R.O.C. under any of the conditions provided by the following Subparagraphs:

- (1) His/her father or mother was a national of the R.O.C when he/she was born.
- (2) He/she was born after the death of his/her father or mother, and his/her father or mother was a national of the R.O.C at the time of death.
- (3) He/she was born in the territory of the R.O.C, and his/her parents can't be ascertained or both were stateless persons.
- (4) He/she has undergone the naturalization process.

Preceding Subparagraph 1 and Subparagraph 2 shall also apply to the persons who were minors at the

time of the amendment and promulgation of the Nationality Act.

2. According to the regulations of Ministry of Education, if the applicant has ever been expelled by any university or college in Taiwan under these circumstances (with drop-out records due to failure in conduct grades, academic grades, or being indicted guilty by the criminal law), the applicant is not allowed to apply to the university. Violation of this regulation will result in disqualification of admission regardless of the merits of the application.
3. International students applying for the initial household registration in Taiwan or acquiring naturalization or restoration of Taiwan Nationality during the period of study, will lose their international student status and shall be dismissed by the school.
4. No double identities (overseas Chinese students and international students): Applicants should decide with which status to apply from the very beginning. Those who study in Taiwan with double identities (overseas Chinese and international student) will have their recognized student status cancelled.
5. Undergraduate Programs are lectured in Chinese. Applicants are required to have adequate Chinese reading, writing, listening and speaking skills. Most of the courses of Graduate Institutes are available in English.
6. At the time of the registration, admitted students should present proof of medical and injury insurance documents which are valid for at least 6 months from the date of the arrival in Taiwan. The proof of insurance issued in a foreign country shall be authenticated by the 'Overseas Agencies'. KMU provides insurance application assistance to those who are not insured, and insurance payment should be made upon registration.
7. Admitted applicants, whose arrival exceed one-third of the first semester of the academic year, are not permitted to enroll. For whom that are unable to register by the registration deadline and would like to extend their admission status to the following semester or academic year must apply for *Request for Deferral Admission* with Division of Registration and Curriculum before the first day of class. Request-approved students are allowed to defer admission at most 1 year.
8. No application documents would be returned for any reason. Copies are recommended to keep personally.
9. The degree awarded by each department or institute would follow the format announced by the Ministry of Education, R.O.C..
10. Internship and Medical licensing examinations (Examinations for Medical Personnel) in Taiwan will be held in Chinese mainly.
11. Applicants graduating in the current year may not have to submit the diploma in the application period. However, the diploma must be submitted during registration at the school.
12. Obtaining admission status of KMU does not guarantee the issuance of a Resident Visa. If there is any problem related to Visa issuance, admitted students themselves should approach R.O.C. representative office in/near the country.

13. KMU offers free and short-term intensive Chinese course during the summer. Students attending the course are responsible for their living expenses, accommodation and visa fee.
14. For other related information, please refer to the Ministry of Education Regulations Regarding International Students Undertaking Studies in Taiwan, International Student Recruitment Regulations of KMU, and other relevant rules.

10 Fully Funded Scholarships - PhD Program of Frontiers in Medicinal Chemistry and Life Sciences (MC&LS), Kaohsiung Medical University (KMU), Taiwan

Kaohsiung Medical University (KMU)-Taiwan, College of Life Sciences, Department of Medicinal and Chemistry, launched a new graduate program titled “**PhD Program of Frontiers in Medicinal Chemistry and Life Sciences (MC&LS)-2018**” to welcome International students to pursue PhD degree in KMU, Taiwan. This PhD Program of Frontiers in MC&LS at Department of Medicinal & Applied Chemistry, KMU is funded, and approved by MOE (the Ministry of Education, Taiwan), and offered by KMU, Taiwan.

KMU was the first private medical university in Taiwan, established in 1954 and has a multicultural and bilingual environment with international students from more than 50 countries. The Department of Medicinal and Applied Chemistry was established in 1990 and possess more than 21 professors in 5 research areas covering all chemistry domains. And, the department Ranked No#1 for medicinal and applied chemistry field in Taiwan since 2015 and possessing a large number of degree-seeking international students and have great research interaction with medicine (4 affiliated KMU hospitals with high-tech facilities).

This PhD Program of Frontiers in MC&LS@KMU scholarship includes full tuition fee waivers, free international students dormitory accommodation, a generous monthly stipend for living expenses, health insurance, etc. This new PhD Program@KMU is specially designed for international students to experience and explore the advanced researches in the areas of medicinal chemistry and life sciences at KMU.

This PhD program@KMU program highlights fully English teaching curriculum and advanced research facilities include (1) exploring and experiencing to various advanced research techniques/equipment at different fields of medicinal chemistry and applied chemistry research areas (2) great research interaction with medicine and learning to advanced medicinal chemistry and life science courses, (3) students will also experience various field/industries visits, attending international seminars/conferences and possible job placements opportunities after graduation at Taiwan. In addition to gaining professional knowledge and skills, this program also offers excellent opportunities to students to continue to pursue post-doctoral research at KMU and to learn Chinese, improve their language proficiency, and gain/understanding of Taiwanese cultures.
